CAREER

Passionate web designer and front-end developer with experience in HTML, CSS, JavaScript, Bootstrap, React, and PHP. Seeking to leverage my skills in building responsive, user-friendly websites and web applications to contribute to a dynamic team. Additionally, skilled in Excel, Photoshop, Microsoft Word, and team management, with strong communication and problem-solving abilities.

SKILLS

□ Front-End Development:

- **HTML/CSS:** Proficient in creating semantic HTML5 and responsive layouts using CSS3.
- **JavaScript:** Skilled in adding interactivity and dynamic content to web pages.
- **Bootstrap:** Experienced in building responsive websites using Bootstrap's grid system and components.
- **React:** Proficient in developing single-page applications using React.js, including component-based architecture.
- **PHP:** Basic knowledge of server-side scripting, working with databases, and integrating back-end services.

□ Software and Tools:

- **Microsoft Excel:** Expert in creating and managing complex spreadsheets, using formulas, pivot tables, and data visualization.
- **Adobe Photoshop:** Skilled in graphic design and photo editing for web and print media.
- **Microsoft Word:** Proficient in document creation, formatting, and editing.

□ Other Skills:

- **Team Management:** Experienced in leading teams, coordinating projects, and ensuring successful completion.
- **Problem-Solving:** Strong ability to diagnose and troubleshoot computer issues, both hardware and software.
- **Communication:** Excellent verbal and written communication skills, essential for effective collaboration and client interactions.
